GUARANTEE / SALES AGREEMENT

All puppies come with the following: Health Guarantee, Current Vaccinations, Worming Program Started and a Microchip.

Breeder guarantees that the Cockapoo puppy is a true Hybrid, whose origin was started with a purebred Cocker Spaniel and purebred Poodle. No other breed of dog has been mixed in along the way.

When receiving your new puppy, the breeder guarantees the puppy to be in good health and free from any major infections or defects.

Breeder advises, (at buyers expense) to take the puppy to be examined by a licensed veterinarian within 3 business days of receiving the dog. If it is found that the puppy is not healthy, the breeder must be notified

right away. The purchaser will then have his/her vet fill out a report of the problem and mail or fax this information to the breeder's veterinarian. If the breeder's vet agrees with the report, the purchaser will return said puppy at no charge to the breeder. When the puppy is received, the breeder will then make arrangements with the purchaser to replace the puppy of the same sex and breed. **NO CASH REFUNDS**. All vet bills and shipping charges incurred by purchaser are the sole responsibility of the purchaser and will under no circumstances be paid by breeder. Please note that there are certain disorders that may be caused by environmental factors and will not be covered by this guarantee. Such factors include but are not limited to fleas, mites, allergies to environment, ear infections, etc. If the purchaser chooses not to take this puppy to his/her veterinarian within 3 business days, it is understood that the purchaser is buying the puppy "**AS IS**".

CARING FOR YOUR NEW PUPPY

When receiving your new puppy he/she will still be VERY small and will require lots of protection. Please take the time before your new puppy arrives to safe guard your yard of any poisonous plants, insecticides and swimming pools.

Please supervise your new puppy so he/she is protected from any poisonous plants, poisonous products, being stepped on, ran over, lost, stolen, attached by other animals, and from anger and abuse. We know that this will be an exciting time for you and your family and you will want to show off your new cute and furry bundle of joy, but before taking your new pup out on the town, wait until he/she has had several sets of shots. This will help to ensure that he/she will have built up immunity to all the viruses they may come into contact with in their new surroundings. Please check with your vet for this information.

THERE IS NO GUARANTEE ON NEGLIGENCE.

We provide you with a puppy shot record that is given/shipped with the puppy. These records list the shots, and worming your puppy has received. These records will also have your puppy's microchip information. We vaccinate all out puppies against Distemper-Adenovirus Type 2, Parainfluenza and Parvo Virus at the age of 6 weeks. The vaccinations are administered again at 9 weeks of age if the puppy is still here at the ranch. Please check with your veterinarian to continue your new puppy's shot schedule.

Worming is also started around 6 weeks of age. We use Safe Guard wormers also known as Fenbendazole on all our puppies. Safe Guard wormer will take care of most live worms that puppies can have BUT it does not kill the larvae that remains in the puppies system. So even though we de-worm your puppy, the larvae can grow and you can still have worms. Please keep your puppy on a good worming program every 2-3 weeks until your puppy is 6 months old. Check with your vet for more information.

SHIPPING / RECEIVING INFORMATION

If you live out of the area and require your puppy to be shipped, all shipping is done via air freight. The cost of shipping is not included in the cost of the puppy list on our website. The shipping costs are outlined below:

Crating - \$60.00 (includes the crate, bedding with food and water trays)

Health Certificate - \$75.00 (required by the airlines)

Flight - \$150.00-\$250.00 (depending upon where you live)

If you aren't able to pick up your puppy from our ranch locally, we will need to send your puppy to you via Air Freight. The costs (outlined above) are in addition to the price of the puppy. You will need to pay for shipping and sign our shipping contract prior to your puppy being shipped to you. A copy of the shipping contract will be emailed to you following verification that your chosen puppy is still available.

Any puppy left beyond agreed pick up date, (unless agreed upon by breeder) will be assessed a \$15.00 per day boarding fee. If breeder is unable to contact buyer within 3 days AFTER agreed pick up date, ALL MONEY received and PUPPY will be forfeited.
